**PROMPT**  
In this discussion, you have a choice. You can:  
  
1) ask at least one question you have about writing compare/contrast essays  
  
OR  
  
2) give an example of a topic that you might study in college that would be good to write a compare/contrast essay on. This can be for a general education course or a course in your major. Be sure to tell us which class it is for.  
  
Contrast differences between artificial intelligence and human mind. I got this topic in Academic English Writing class.

**OVERALL ASSIGNMENT RUBRIC**  
  
If your peer asked a question, answer the question(s). If your peer suggested a college topic for a compare/contrast essay, respond to the idea. Is it a good topic for a compare/contrast essay? Would there be enough to write about in the body paragraphs?
